Guide to ACH Withdrawals

Using Table 1, determine the maximum number of equal installments for which you may divide your contribution. For example, if you sign up in February, you may chose up to seven equal installments.

Table 1

Table 1

Sign up by the end of	Sep	Oct	Nov	Dec	Jan	Feb	Mar	Apr	May	Jun	Jul	Aug
Choose number of installments up to	12	11	10	9	8	7	6	5	4	3	2	1

Use Table 2 to determine your monthly installment amount by finding the number where your total contribution intersects with your total number of monthly installments chosen (based on Table 1).

Please note that, due to rounding errors, the amounts shown in **bold type** do not add up to the full contribution amount. To compensate for this, the first installment of the bolded amounts will be slightly higher (ten cents maximum) than the remaining installments.

Choosing an installment amount in regular type will ensure equal monthly installments.
